

# International Toll-Free Service

To be a success in today's global economy, people need the capability to connect despite their geographic location. We offer a broad range of global conferencing solutions, providing you with dependable and consistent service - no matter where you or your participants are located.

Using InterCall's easy-to-use International Toll-Free Service (ITFS), participants from various international locations can dial into your U.S.-hosted conference using a country specific toll-free number. ITFS covers over 50 countries outside the U.S. ITFS is a simple, cost-effective solution to expand your global reach and help you create better connections to obtain your business goals.

## What You Can Expect:

By using InterCall's International Toll-Free Service, you can anticipate a simple and dependable solution.

- + Consistency: Send international participants country specific toll-free numbers to dial into a U.S.-hosted conference call
- + Convenience: Host on-demand international conference calls 24/7
- + Ease-of-Use: Provide familiar number formats to international participants
- + Familiarity: Maintain the same conferencing experience whether you are an international or domestic participant

## Connecting People Worldwide:

Unite your domestic and international participants for a variety of meetings and events.

- + Join international participants to Reservationless-Plus, Operator Assisted, and/or Direct Event conference calls
- + Bring together worldwide participants for weekly status meetings
- + Arrange sales meetings with employees and prospects located internationally
- + Link cross-functional teams from around the world
- + Organize event calls with a streamlined experience for both domestic and international participants
- + Connect global participants on quarterly Investor Relations calls
