Want a simpler way to connect to meetings when you're on the go? Or do you need an easier way to organize the dial-in numbers and passcodes for several different meetings? Now Mobile Assistant, a free* service from InterCall, gives you one-touch dialing into your conferences from your BlackBerry.

It's a situation most of us have experienced—you need to attend a meeting when you are not able to be in a traditional 'office' setting. Whether you're heading to another meeting, don't have access to a landline phone or are called out of the office unexpectedly, you need to join the meeting and need do it while you're on the road. InterCall's latest innovation allows you to access a conference call with the click of a single button on your BlackBerry.
